Applicant Insights and Management

Happy New Year! As we kick off the new year, we continue to work on updates to Apply that will provide an in-depth view of your school's application volume and activity to better inform decisions and plans for the rest of the season.

We are still ironing out some final details, but expect these updates in the coming weeks:

Metrics

- Application status details, including counts of students who:
  - Have completed both the Application Profile in Scoir, as well as the institution supplement in Slate
  - Have completed the Application Profile in Scoir, but not the supplement
  - Intend to apply to your school
- Application activity over the past 12 months

Student specific insights:

- View a specific applicant's details, including documents.

Your Questions

Can we edit our profile data?

Yes! Profile data can be updated throughout the year.

To make the changes, fill out the Update Your College Profile Data form or send the support team a message with a link to your Common Data or Fact Book and we'll make the necessary changes.

Student Engagement

Application deadline reminders

With students facing a variety of application deadlines, we know how easy it can be to miss an important deadline.

To avoid missed deadlines and encourage students to get over the finish line, we have regularly sent reminder emails and in-app reminders to students who are approaching a deadline within the next two weeks.

As a result, we have seen a 50% surge in application activity within days of students receiving the reminder email.
