

Apply with Scoir The Latest for Coalition Members

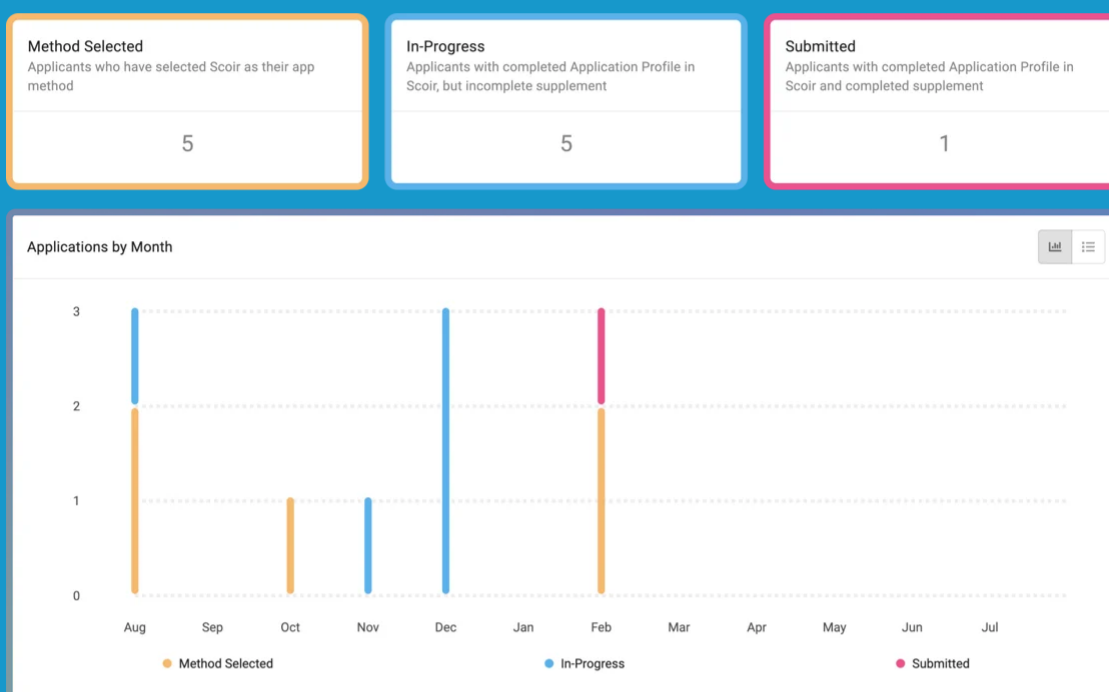

Hi there,

Thank you for continuing to build this application experience alongside us! Here's the latest:

Product Updates

Applicant Insights & Management

Now, you can access insights and manage applicants who apply Coalition with Scoir.

From the main navigation, choose the Application tab and then Applicants. There, you'll find a breakdown of:

- **Application Status** including the number of applicants who:
 - Intend to apply Coalition with Scoir
 - Have an application in-progress
 - Have submitted their application
- **Applications by Month** showing the number of unique applications in-progress and submitted each month
- **Applicant Management** with the ability to drill down into individual applicants to access Application Profiles, docs, etc.

We're excited to empower you with greater visibility so you can convert and yield more applicants! [Visit our Help Center](#) for details or explore for yourself.

Cambridge Exam Grade Values

We recently learned that the set of Cambridge Exam Grade values offered in the Application Profile was incomplete. Specifically, only the A Level grade options were presented for all three exam types. As of yesterday, February 7, 2023, we've updated the grade values to include the correct options for each testing level.

The good news is that *there's no need to correct existing scores.*

More good news: if you haven't previously mapped or aren't interested in importing Cambridge Exam scores, no action is required.

If you are importing these fields, you'll need to map the codes "F" and "G" to support the full range of scores on the IGCSE. See below for a reference as to how the payload codes correlate to the various Cambridge Exam Grade values.

Code	Status	A Level	AS Level	IGCSE
A*	Currently sent	A*	-	A*
A	Currently sent	A	a	A
B	Currently sent	B	b	B
C	Currently sent	C	c	C
D	Currently sent	D	d	D
E	Currently sent	E	e	E
F	NEW	-	-	F
G	NEW	-	-	G
