

Apply Coalition with Scoir The Latest Updates

What's New

Recommended Configuration Timeline

As you close out this class and start to turn your attention to next year, we're happy to provide you with a recommended timeline for your build. The good news? You don't have to do anything just yet! This resource includes key configuration milestones, as well as the Application Profile Specification Guide for Year 2.

And Coming Soon

Year 2 Improvements & Webinar

We've been hard at work combing through your feedback and students' from this first year of Apply Coalition with Scoir. As we prepare for Year 2, we have a number of exciting enhancements planned.

If you're interested in understanding what's changing and steps for continuing to accept applications from Scoir, please join our webinar with Coalition about [Access & the Application on April 20th at 3pm et.](#)

Unable to make it? Don't worry! The session will be recorded, and we'll continue to keep you informed of enhancements in these monthly messages.

[Save Your Seat](#)

Simpler App Round Management & Configuration Enhancements

For year 2, we're making it easier than ever to maintain deadlines and requirements in your app rounds. You can expect these changes to be available during the first week of May, along with help documentation to understand the updates.
