What is Scoir?
Scoir supports students and families through the college search, planning, and application process, while equipping counseling staff with the information and tools they need to better advise.

One Network for Everyone Involved in College Admissions

Solutions for High Schools
- Track student progress and identify students who require support
- Schedule college visits
- Manage delivery of application-related documents to colleges
- Report on engagement, achievements, and application outcomes

Solutions for Students and Families
- Search for and learn about collegiate and career opportunities
- Understand affordability by using the Scoir Cost Calculator to estimate EFC
- Engage with high school counselors and admission reps
- Manage application process
- Request document delivery from counselors/faculty

Solutions for Colleges
- Receive application documents
- Schedule high school visits
- Message directly with students & families who indicate interest

FAQs

Is Scoir a secure platform?
As signatory to the Student Privacy Pledge, we’re committed to protecting our users and safeguarding the privacy of user data. We will never sell or share personal information.

How much does Scoir cost?
$1.68 per student, per year. That’s based on total 9-12 enrollment, regardless of how many students actually use the product.

How much effort is involved to set up a new account?
Counselors can access on-demand training videos, a learning management system, and step-by-step help documentation. We make every effort to ensure your team is comfortable and confident using Scoir.
