Considering Scoir?

Learn why 2,000+ high schools have already made the switch!

Dedicated support

99% of support tickets are resolved in less than 24 hours

> "
>
> We are really enjoying Scoir so far–especially the part where I ask a question and an actual human responds, haha! The customer service alone would have been enough to switch from another platform.
>
> **Evelyn Cohen**
> *Watkinson School, CT*

Time-saving software

Features specifically designed to save hours and energy

> "
>
> I just uploaded my first test data file to Scoir. What would sometimes take me an hour to do in our other system took less than a minute. And, Scoir's drag and drop data entry is awesome! I am so glad we made this move!
>
> **Cydni Choate**
> *Counselor, Lutheran South Academy, TX*

Student-centered design

Reduce the learning curve and increase adoption

> "
>
> I've introduced Scoir to our seniors, and enjoyed hearing students appreciate how much more user friendly the product is… Students notice and are excited!
>
> **Anne Aguirre**
> *Notre Dame High School*

How Scoir compares to the alternatives

Our mission is to ensure you have what you need to make an informed decision.
If you're comparing **Scoir and Naviance**, here's what's different.

	Scoir	Naviance

The Scoir Difference

Here are just a few ways we stand out above the competition.

01 We import your data into Scoir

We want to make switching to Scoir as easy as possible. That's why our team will import your historical Naviance data into Scoir for you. Plus, ongoing support and training is included with your account. When you join Scoir, you'll love quickly getting answers to your questions, accessing 24/7 on demand training, and talking to real humans when you need guidance.

02 Scoir College Readiness Curriculum

Included free with every Scoir account are comprehensive 50+ ASCA-compliant lesson plans for grades 9-12. This curriculum contains detailed lesson plans and activities covering topics from career exploration to financial literacy. Lessons build as students grow and everything is mapped out in advance for you! Coming in summer 2024, you can also access Career Readiness Curriculum.

03 Features built with you in mind

On top of using features that counselors love like the ability to resend docs and upload letters of recommendation on behalf of others, you'll also access features like creating custom properties which are are fields that you create allowing you to store, view, filter, and export unique information about your students and school in Scoir. Plus, create Tasks to help keep everyone on track!

04 PrinciplesYou Character Assessment

PrinciplesYou is a scientifically-validated character assessment that engages Gen Z in self-discovery, and it's included with Scoir! PrinciplesYou is designed to tap into character traits and measures them across three orientations: Cognitive, Interpersonal, and Motivational. The assessment can be taken in one class period, and students receive a detailed report and get matched with best-fit careers based on their results.
