Getting Started

What is Scoir

As the College Admissions Network, Scoir brings your whole support team together on one platform, helping you identify your talents, find your college fit, and apply with confidence. Your data is yours; we don't sell personally identifiable information (PII) so you stay in control.

Who this guide is for

If you're a student using Scoir, and your high school isn't on Scoir, this guide is for you. We'll walk you through the process of applying with Scoir as a first-time college applicant, along with some best practices for making the most of the Network.

Create Your Account

Since your high school isn't on Scoir, the first thing you'll need to do is create a free account. You can create your account by heading to app.scoir.com and following [these instructions](#).

Not totally sure if your school is on Scoir?

No problem! When you create an account, you'll have the option to search for your high school. If it's on Scoir, you can link your account to collaborate with your counselor. If not, the rest of this guide is for you. Keep going!

Complete Your Profile

Completing your profile is easy:

- Go to "My Profile" from the top menu
- Add your personal details and academic overview
- Add your activities, achievements, and a personal bio

Why is it important to complete this info?

When you're ready to begin applying to colleges using Scoir, the following information in My Profile will be used to pre-populate your Application Profile:

- Personal info
- Demographic info
- School info
- Test scores (where applicable)

Don't worry! You'll have the opportunity to edit this information before submitting any college applications.

Don't forget to [download the mobile app](#)

Interacting with Your Supporters

Get connected to a network of supporters to help you through your college planning and application journey!

Your Parent/Guardian

Parents/guardians have a read-only view of your My Colleges list, along with the ability to send you college suggestions to help guide your discovery. As a safe, secure, student-centric college search platform, you must take action to [invite a parent/guardian](#) to link with you on Scoir. It's totally optional, but can be a great way to collaborate on your college list!

Discover Colleges

When it comes to discovering colleges, you have options!

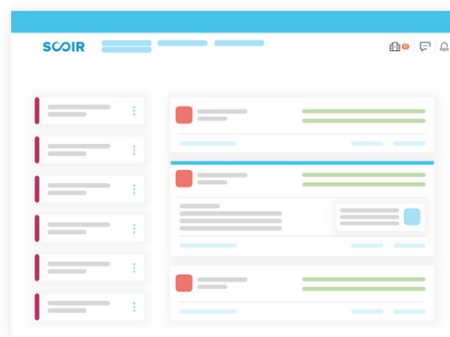

- Go to the "Discover" page and add a few preferences (preferences help customize your experience)
- Jumpstart your college search through:
 - Find Your College Match Quiz
 - My Matches
 - You May Also Like
- Or conduct your own search!

Make the most of Discover

Explore College Profiles, searching for virtual tours, visits to your school, and other events. Find a school you like? Give it a Follow to save it to My Colleges.

Compare colleges side-by-side

Don't forget to use Scoir's College Compare tool to compare up to 4 colleges side-by-side.

Build Your List

To keep track of colleges that interest you, make sure to Follow them, which will add the schools to your My Colleges list. You can access this list at any time and also keep track of and review Parent/Guardian college suggestions.

Why Follow colleges on Scoir?

To Receive College Outreach

Colleges on your list can send you messages so you can learn more about them. We don't share any personal information about you; colleges will just know someone is interested but not exactly you.

To Receive College Session Notifications

Every time a college you're Following schedules a learning session via Scoir, you'll receive a notification. That way, you won't miss a session with the colleges that interest you most!

When to start Following colleges?

There's no bad time to start following colleges in Scoir! We encourage you to update this list regularly as your preferences evolve throughout your high school career.

Managing Your Application Documents

Requesting documents in Scoir

- Letters of Recommendation
 - You can request these within the Recommenders section in your Application Profile. These letters of recommendation are not college-specific, and, once uploaded, will be sent to all of the colleges you apply to with Scoir.
- Fee Waiver(s)
 - Do you know about the different types of application fee waivers available to you? After completing your Application Profile, Scoir will make it easy for you to identify where you can apply for free thanks to a Coalition fee waiver. You can also more easily see if your applications to Coalition colleges on Scoir are [free](#) by answering the questions on the Scoir dashboard! Where you don't see this option, you might also consider requesting a fee waiver directly from the college that you're applying to.
- Other Official School Documents (like your transcript)
 - Even if your high school is not on Scoir, once you submit your application profile, your counselor will be notified of the documents that are required for your application (such as your transcript, school reports, and more). Check out [this help document](#) to learn how.

Signing your Early Decision Contract

Early decision (ED) is a binding agreement where you indicate to the college that upon acceptance you will attend that school. This can be a good choice if you know the school is your number one choice. However, you may only apply to one school using this process. Because it is a binding agreement, the institution requires signatures from you, your family, and a school counselor. Early Decision Contracts can be initiated within your Application Profile.

Document Storage

Scoir also offers a comprehensive [document storage solution](#) for students with support for common file types and external links. Items in your My Drive will be shared with any parent/guardians linked to your account.

Understanding Application Requirements in General

In general, it's important to be aware of these requirements for each college where you plan to apply:

- Application deadlines
- Application fees
- Test policy
- Standard personal essay
- Supplemental essay and/or additional writing prompts
- Letter(s) of recommendation
- Courses and grades
- Portfolio
- List of activities and achievements

College-specific application requirements can be found on College Profiles in Scoir. You'll also be made aware of requirements as you move through the application process in Scoir.

Applying with Scoir

To make the application process faster and easier, you have the ability to apply to some colleges with Scoir. If you see a lightning bolt, you can apply with Scoir. If you do not see the lightning bolt icon, you should begin the application process outside of Scoir with another method that you determine with your counselor, like Common App, the college's website, QuestBridge, etc. [View the infographic.](#)

Applying with Scoir is a 2-step process.

1. Start your application on Scoir

When you apply with Scoir, you'll work on multiple applications at once by answering standard questions in what we call an Application Profile. This can be reused for any school you apply to through Scoir! Before applying, be sure to confirm the information in your Application Profile as you will not be able to edit this information once you've moved on to step 2, answering a college's supplemental questions. In this step, you will also add recommenders and a counselor, who will be notified to provide recommendation letters and/or application documents on your behalf.

2. Navigate to the college portal via SSO to complete your supplemental form & submit

Through single sign-on, you'll be directed into a college's portal to begin step 2, answering a college's supplemental questions. Before leaving Scoir, you'll be given an idea of how much you have left to complete (in terms of the type and number of questions to complete). Once you're ready to submit on the college's application portal, you'll provide payment (unless you have a fee waiver) directly to the college.

You don't have to complete your application in one sitting. You'll be able to pause and resume where you previously left off.

Plan Your Essays

Personal Essay

Most colleges require you to submit at least one essay as part of your application. When you apply to a Coalition college with Scoir, you'll have the opportunity to review the available [essay prompts from Coalition](#) and enter your essay before moving on to the college-specific questions.

Supplemental Essay

In addition to the personal essay, some colleges may also ask you to answer short questions or write a supplemental essay.

Monitor Your Outcomes

After you've applied with Scoir, you can enter your outcomes within My Colleges to keep track of your application statuses.

Time to celebrate! Congratulations on applying!
