How Does Scoir Help Parents/Guardians?

- ✓ See the colleges your child is following and learn what they are searching for—such as size, location, majors, interests—so you can do your own search and suggest other colleges to them.
- ✓ Utilize messaging capabilities to communicate with counselors and your child throughout the process in a collaborative way.
- ✓ Stay informed & up to date on relevant college admission topics by reading our blog at www.scoir.com/blog.
